Second Semester 2022 - 2023
Artificial Intelligence (CS F407)

EVALUATION SCHEME FOR ASSIGNMENT PHASE-II

Make a video presentation of the project with **code walkthrough** for a time range of 5 - 7 minutes.

Share the code, and upload video presentation file**.

You may have to present the video to me (tentative). **The assignment is for 30 marks.**

The marking scheme for code walkthrough will be based on:

Implementation of Search algorithms	3 marks per algorithm
Comparative Analytics: Presentation of variations in results with suitable performance evaluation metrics/scores, and graphical representations of results	2 marks per visualization or approach
Creation of GUI, Creativity, Novelty, Domain Knowledge & All that extra stuff apart from SEARCH & Knowledge Representation.	3 marks
Design and Modularity of Code	2 marks

** IMPORTANT DATES
Recommended Day to upload video in shared drive - 23-April-2023
Deadline without penalty – 5:00pm 24 April 2023 Monday
Submissions after deadline will incur relative penalization of marks.
No extensions or make up requests will be entertained.
